Finally, someone sees Duboc emails for what they are.

Thanks for the note.

Cheers,

Dear Council members:
I am a resident of Menlo Park. I just received an impassioned email from Lee Duboc asking residents to demand that the Council oppose AB1250. In so doing, the council would go against the public employee unions. Private contracting has its benefits, I'm sure, but I am in FAVOR of AB1250. I never heard of it before today, but after doing some reading, I realized that the unions in this country are, and have been for some time, under assault from the business community without regard to the benefits the unions provide to millions of workers, both private and public.
Lee Duboc's appeal is based on a cynical attitude toward unions and worker's rights. I hope the Council does NOT take up the agenda of the assault on workers rights.
Thank You,
